

WHEN YOU INVEST IN THE BEST, IT PAYS TO LOOK AFTER IT!

HOW TO CLEAN YOUR GORILLA CLICK & FIX FOAM GUN

WHAT YOU NEED

- x1 Gorilla Expanding Foam Cleaner
- x1 used Gorilla Foam Gun (click & fix)

STEP ONE

WHEN SWAPPING EMPTY CANS, TURN VALVE OFF

Keeping valve opening away from you, unclick the can of Gorilla Expanding Foam. Spray wash the bayonet head to remove any excess foam. Click and turn to fully engage the Gorilla Expanding Foam Cleaner can on to the gun.

STEP TWO

Pull gun trigger until all foam is expelled, repeat process. Ensure foam waste/ cleaner is disposed of appropriately. Keeping valve opening away from you remove the Gorilla Expanding Foam Cleaner can. Click and turn to fully engage the New Gorilla Expanding Foam can on to the Gorilla Click & Fix adaptor.

REPEATED USE

Release the flow adjustment knob lightly and dispense foam immediately to fill the entire gun with foam. Tighten the flow adjustment knob to fully closed until ready to use again. Store Gorilla Expanding Foam in a vertical position (gun upwards - out of direct sunlight). Ensure to shake can well before next use.
