# Introducing Pureseal

## Pureseal silicones are designed for plumbing professionals.

They are 100% silicone and offer excellent workability, flexibility and longevity so you can achieve the ultimate finish.

### The Pureseal Advantage

Soudal's world-leading manufacturing process delivers exactly what trade professionals need while minimising harmful chemicals. The result is clean, safe, Pureseal silicone.

No fillers, no solvents.  
Just maximum flexibility, durability, heat resistance and chemical stability.

**Simple to apply.  
Easy to finish.**
