CATALOGUE

Since 1966, Soudal has been redefining performance for the building industry with a trusted range of sealants, adhesives, and polyurethane foams. From our roots as a family-owned Belgian company to our global presence in over 140 countries, we've remained driven by integrity, innovation, and a bold commitment to progress.

With over 30 years on the ground in New Zealand, our local expertise is backed by 4,000 colleagues worldwide, dedicated to helping trade professionals achieve lasting results. Our extensive product range is tried, tested, and tailored to meet the demands of every job, including specialty solutions for unique challenges.

At Soudal, we're future-focused – constantly evolving through research, sustainability, and smarter building technologies. More than just a supplier, we're your on-site partner—working alongside you to build smarter, faster, and stronger every day.

SOLUTIONS THAT PERFORM

01 GAP FILLER

Gorilla Pro Gaps Multipurpose

A professional painter's best friend. Suitable for indoors and outdoors, it provides excellent adhesion to wood, plasterboard and anodised aluminium as well as non-porous surfaces such as steel and PVC. This formula will stay put as it cures, with barely any shrinkage.

- Suitable for Interior and Exterior applications
- Superior flexibility
- High crack resistance
- High solids for low shrinkage
- Smooth finishing
- Suitable for multiple surfaces
- Forms an elastic water-resistant skin after full cure
- Does not stain
- Excellent adhesion to porous substrates
- Paintable after 20 minutes
- Almost odour free

Colour	Size	Code
White 	300ml	01403

Gorilla Pro Gaps Exterior

Offers all-weather flex and is designed to withstand harsh climate conditions. Offering superior UV resistance, it is perfect for weatherboards, bricks, aerated concrete, natural stone and aluminium surfaces. It can accommodate more movement than its counterparts which is essential in our changeable climate where materials can rapidly expand or contract.

- Great for weatherboards
- High flexibility
- UV and mould resistance
- Creates a lasting finish
- Almost odour free
- Does not stain
- Excellent adhesion to porous substrates and aluminium
- Paintable after curing

Colour	Size	Code
White 	300ml	19278

Gorilla Pro Gaps Quick Dry

Is instantly paintable with gloss, semi-gloss, and low sheen paint. Flat and ceiling paints can be applied after only 10 minutes. If you're under the pump, this is the filler for you. Perfect for doorways, window architraves, skirting boards, mouldings and to fill gaps between walls, ceilings and masonry. Simply gun this filler on, tool it off and get ready to paint. Its thick consistency creates a smooth finish and dramatically reduces the risk of paint crack or craze.

- Instantly paintable
- Superior crack resistance
- Thick consistency that creates a smooth finish
- Professional quality
- Colourfast and waterproof after curing
- Paintable with many paint types
- Almost odour free
- Very easy to apply and finish

Colour	Size	Code
White 	300ml	19277

Gorilla Bog Filler

Bog has earned its reputation as 'the strong one' as it sets harder than concrete. This non-flexible two component epoxy filler will allow you to rebuild and repaint damaged surfaces including wood, polyester, masonry, fibreglass, zinc and galvanised steel. Use it to repair weatherboards, window sills or fill gaps between joints. It cures quickly and will not budge, so you'll be ready to sand and paint within minutes.

- Fill and repair
- Suitable for automotive filling
- Two component
- Very fast curing
- Lasting adhesion
- To be treated quickly afterwards (eg grinding, sanding etc)

Grey 	500g	01412
Grey 	1kg	01414

01 GAP FILLER

Light Speed Filler

The ultimate product to repair dents, static cracks, drill or nail holes in walls and ceilings. It is suitable for porous materials including plasterboard, concrete and stone. This lightweight spak filler provides an exceptionally smooth finish with virtually no shrinkage and will be ready to sand within 5 minutes. For deep cavities, simply layer it up and allow 5-10 minutes to dry in between applications.

- Multi-use lightweight spak filler
- Ready mixed for gaps & cracks
- Ideal for plasterboard
- Easy to sand
- Interior and exterior applications
- Available in two convenient sizes
