

INDUSTRIAL GRADE SOLUTIONS.

ALUMINIUM RANGE.

For decades, Soudal has been delivering high-performance sealing, bonding, insulating and weatherproofing solutions to the building industry, helping professionals around the world build with confidence.

From our roots as a family-owned Belgian company to our global presence in over 140 countries, we've built our reputation on innovation, quality, and reliability.

With more than 30 years on the ground in New Zealand, we understand the unique demands of local construction.

Backed by global expertise and a team of 4,000 colleagues worldwide, we offer a comprehensive range of solutions designed specifically for aluminium window and door fabrication, glazing, and installation.

From fabrication and assembly through to airtight sealing, weatherproofing, and final installation, Soudal provides systems that help improve efficiency, performance, and long-term durability. Our products are tried, tested, and trusted to meet the demands of modern building design and construction.

More than just a supplier, we're a solutions partner, working alongside fabricators, installers, and glazing professionals to help deliver quality outcomes on every project.
