

SOUDAL NEW ZEALAND

PRODUCT CATALOGUE.

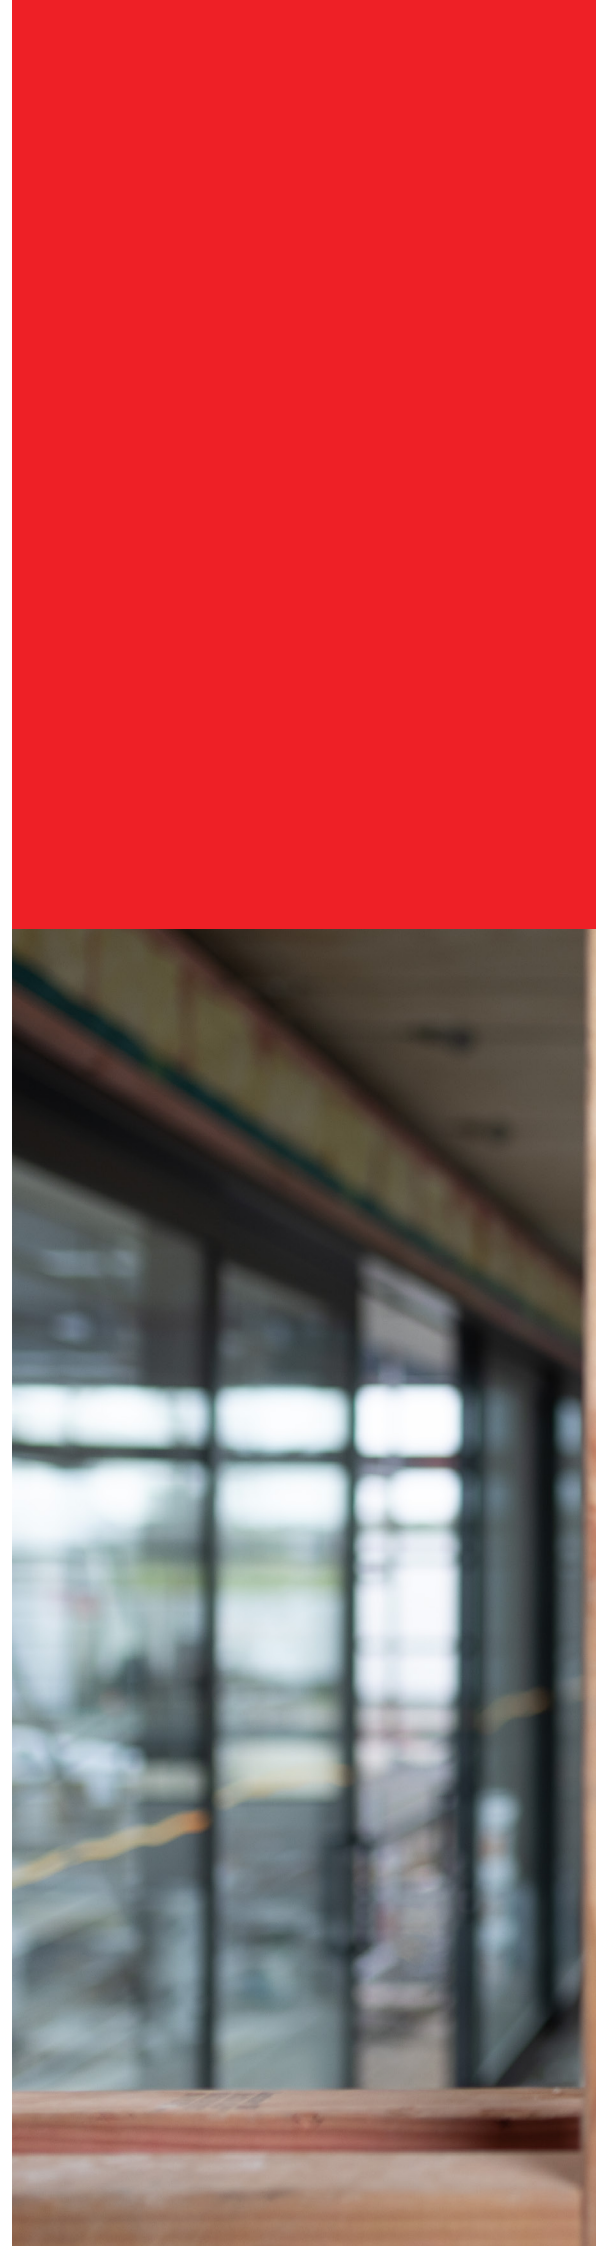

SOUDAL

**SINCE 1966, SOUDAL
HAS BEEN REDEFINING
PERFORMANCE FOR THE
BUILDING INDUSTRY
WITH A TRUSTED
RANGE OF SEALANTS,
ADHESIVES, AND
POLYURETHANE FOAMS.**

From our roots as a family-owned Belgian company to our global presence in over 140 countries, we've remained driven by integrity, innovation, and a bold commitment to progress.

With over 30 years on the ground in New Zealand, our local expertise is backed by 4,000 specialists worldwide, dedicated to helping trade professionals achieve lasting results. Our extensive product range is tried, tested, and tailored to meet the demands of every job, including specialty solutions for unique challenges.

At Soudal, we're future-focused – constantly evolving through research, sustainability, and smarter building technologies. More than just a supplier, we're your on-site partner—working alongside you to build smarter, faster, and stronger every day.

SOLUTIONS THAT PERFORM.

DELIVERING YOU INNOVATION.

At our production sites across the world, we have teams of scientists, engineers and application technicians developing state-of-the-art formulations, packaging and accessories to perfectly suit the demands of builders and trade professionals around the world.

Driven by the will to continuously improve and to provide better and more environmentally friendly solutions for our customers, Soudal is leading from the front in product innovation.

We invest more than **NZD\$30,000,000** each year into research and development.

masterspec

When it comes to specifying sealants, foams and adhesives onto plans and drawings the leading industry support tool is Masterspec. We are proud to have a great range of our Soudal products available on the Masterspec site allowing architects, designers and engineers easy and thorough access to the information they need.

For your quick reference our CBI number is **48115G**

01 EXPANDING FOAMS

Gorilla Pro Expanding Foam Click & Fix

DESCRIPTION

Gorilla Pro Expanding Foam Click & Fix is the market-leading single-component self-expanding ready-to-use polyurethane foam using CFC-free propellants. Fitted with a patented Click & Fix adaptor for use only with the Gorilla Foam Gun Click & Fix (20106).

FEATURES & BENEFITS

- Expanding polyurethane foam
- High thermal and acoustical isolation
- Excellent bonding and installing capacity
- BRANZ Appraised
- Insulates and adheres
- Stops air transmission

Colour	Size	Code
Champagne	 750ml	20088

Gorilla Pro Expanding Foam Aerosol

DESCRIPTION

A single-component self-expanding ready-to-use polyurethane foam, perfect for the DIYer. Uses CFC-free propellants.

FEATURES & BENEFITS

- BRANZ Appraised
- Excellent adhesion on most materials (except PE/PP)
- High thermal and acoustic isolation
- Excellent bonding and installing capacity
- Excellent mounting ability
- Remains waterproof providing the integrity of the cured foam skin is maintained

Colour	Size	Code
Champagne	 750ml	20048
Champagne	 400ml	20050
-	3pk spare nozzles	21387

Gorilla One Shot Foam

DESCRIPTION

Gorilla One Shot Foam is an easy-to-use PU foam for filling and fixing, specifically designed for small jobs. The compact canister fits nicely in one hand the unique nozzle allows for accurate filling in the tightest of spaces.

FEATURES & BENEFITS

- Great for small jobs
- Easy to use
- High precision filling in the tightest of spaces
- Stops air transmission
- No shrinkage
- Water resistant
- Can be cut, sanded, plastered, or covered with sealant once cured

Colour	Size	Code
Champagne	 150ml	20256

NB: Cured foam can be removed with Gorilla Expanding Foam Remover or mechanically.

Gorilla Smart Expanding Foam

DESCRIPTION

Gorilla Smart Expanding Foam is a ready-to-use self-expanding polyurethane foam unique to Soudal. The smart 'gunless' applicator system makes the application of PU foam very easy and precise. The extrusion straw can be resealed, which makes it possible to continue application from a partially used canister for several weeks. CFC-free propellants.

FEATURES & BENEFITS

- Revolutionary smart applicator gun
- Allows for easy accurate one-handed application
- Re-useable for up to 6 weeks after initial activation
- BRANZ Appraised
- 600ml yields approx 20L cured foam

Colour	Size	Code
Champagne	600ml	20250
Champagne	750ml	20252

Gorilla Flexi Expanding Foam Click & Fix

DESCRIPTION

Gorilla Flexi Expanding Foam Click & Fix is a single-component self-expanding ready-to-use polyurethane foam. Fitted with a patented Click & Fix adaptor for use only with the Gorilla Foam Gun Click & Fix (20106).

FEATURES & BENEFITS

- BRANZ Appraised
- High thermal and acoustic insulation
- High elasticity recovery accommodates movement
- Minimal post expansion
- Excellent adhesion to most substrates
- Can be compressed
- Stable with good gap filling abilities

Colour	Size	Code
Blue	750ml	20041

Soudal Fire Rated Expanding Foam

DESCRIPTION

Soudal Fire Rated Click & Fix is a single-component, self-expanding ready-to-use polyurethane foam with a fire rating of up to 240 minutes (Ghent test report 9279). It contains propellants that are completely harmless to the ozone layer. Fitted with a patented Click & Fix adaptor for use only with the Gorilla Foam Gun Click & Fix (20106). Also available in a ready-to-use gunless aerosol.

FEATURES & BENEFITS

- Fire retardant up to 240 minutes
- Efficient seal against smoke and gas
- Excellent adhesion on most substrates (except Teflon, PE and PP)
- High thermal and acoustic insulation
- High bond strength
- Excellent stability: no shrink or post expansion
- Can be painted after full cure

Colour	Size	Code
Light Red	Click & Fix 750ml	20160
Light Red	Aerosol 750ml	20169

01 EXPANDING FOAMS

Gorilla Foam Gun Click & Fix

DESCRIPTION

Professional quality gun for expanding foam canisters, designed and manufactured in Europe to the highest quality standards. Clean gun after every can of foam (using 20107).

Colour	Size	Code
Grey/Silver	 Fits Click & Fix 750ml	20106
Clear	 3pk spare nozzles	21424

FEATURES & BENEFITS

- Designed for use with the Gorilla Click & Fix Expanding Foam range
- Allows for high accuracy and foam flow control

Gorilla Expanding Foam Cleaner Click & Fix

DESCRIPTION

Gorilla Expanding Foam Cleaner Click & Fix is a ready-to-use cleaning aerosol can for use on all products in the Gorilla Foam Click & Fix range. Fitted with a patented Click & Fix adaptor for use only with Gorilla Foam Gun Click & Fix (20106).

Size	Code
500ml	20107

FEATURES & BENEFITS

- Cleans foam guns & nozzles
- Removes uncured foam
- Easy to use Click & Fix system
- Use after every can of foam

Gorilla MS Expanding Foam

DESCRIPTION

Gorilla MS Expanding Foam is the first "isocyanate free" expanding foam in the world! It is great for filling cavities, mounting and sealing of windows and doorframes, creation of soundproof screens, etc. Utilizes a moisture-curing system and performs best on moderately wet, porous surfaces (wood, concrete, stone).

Colour	Size	Code
Champagne	 500ml	20255

FEATURES & BENEFITS

- Good adhesion on most substrates
- High thermal and acoustical insulation
- Excellent stability (no shrink or post expansion)
- Very good filling capacities
- Excellent flow control
- Reusable for up to 6 weeks

Gorilla Expanding Foam Remover

DESCRIPTION

Gorilla Expanding Foam Remover is a ready-to-use gel that easily removes cured expanding foam from surfaces such as plastics, metals and PVC.

Size	Code
100ml	19921

FEATURES & BENEFITS

- Removes cured expanding foam
- Fast working
- Re-usable
- Easy to use
- Pack includes application brush and spatula

Gorilla Pro Foam Starter Pack

DESCRIPTION

The ultimate Gorilla Foam Starter Pack that covers all the foam bases from start to finish.

Size	Code
Starter Pack	20089

FEATURES: includes one of each of the following core products:

- 1 x 20088 Gorilla Pro Expanding Foam Click & Fix 750ml
- 1 x 20106 Gorilla Foam Gun Click & Fix
- 1 x 20107 Gorilla Expanding Foam Cleaner Click & Fix 500ml
- 1 x 46000 Mr Gorilla Paint and Glue Wipes 50 pack

02 CONSTRUCTION ADHESIVES

Gorilla Grip 10 Minute Cure Construction Adhesive

DESCRIPTION

Gorilla Grip 10 Minute is a single-component ready-to-use translucent polyurethane-based construction adhesive. With a 10-minute curing time it is perfect for small, quick jobs.

FEATURES & BENEFITS

- Instant direct stick
- Can be applied with a caulking gun
- Professional quality – 100% solids, no shrinkage
- Fast Curing
- Paintable
- Expands while curing to fill uneven surfaces within the band line
- Non-staining on porous substrates
- Water resistant
- Solvent free

Colour	Size	Code
Translucent	<input type="checkbox"/> 310ml	19288

Gorilla Grip 1 Hour Cure Construction Adhesive

DESCRIPTION

Gorilla Grip 1 Hour is New Zealand's most trusted single-component ready-to-use translucent polyurethane-based construction adhesive. With a 1-hour curing time it is ideal for wooden flooring systems.

FEATURES & BENEFITS

- BRANZ Appraised
- Suitable for most substrates
- 100% solids, no shrinkage
- Will stick to damp surfaces
- Professional quality
- Fast strength build-up
- Paintable once cured
- Expands during curing to fill uneven surfaces within the band line
- Waterproof D4
- Solvent free

Colour	Size	Code
Translucent	<input type="checkbox"/> 310ml	20075
Translucent	<input type="checkbox"/> 310ml (2pk)	90013

Gorilla Grip 2 Hour Cure Construction Adhesive

DESCRIPTION

Gorilla Grip 2 Hour is a single-component ready-to-use translucent construction adhesive with a polyurethane base. The tradies' favourite for more than twenty years, with a 2-hour curing time it gives increased working time, allowing you to adjust as you go.

FEATURES & BENEFITS

- BRANZ Appraised
- Suitable for most substrates
- 100% solids, no shrinkage
- Will stick to damp surfaces
- Professional quality
- Extended working time
- Fast curing
- Paintable
- Expands during curing to fill uneven surfaces within the band line
- Solvent free

CONSTRUCTION ADHESIVES 02

Gorilla Wallboard Adhesive

DESCRIPTION

Gorilla Wallboard Adhesive is a solvent-free construction adhesive with high bond strength and an extremely high initial grab (over 140kg/m²).

FEATURES & BENEFITS

- High initial grab
- Ideal for overhead usage with no drip
- Solvent free
- No shrinkage
- Steel frame compatible

Colour		Size	Code
White	<input type="checkbox"/>	380ml	20013
White	<input type="checkbox"/>	600ml	19317

Soudal Soudaseal 240FC MS Adhesive

DESCRIPTION

Soudal Soudaseal 240FC is a high-quality single-component product with high adhesive strength and initial tack. It is based on MS Polymer technology and is excellent for strong elastic bonding in areas subject to vibration.

FEATURES & BENEFITS

- Very easy to tool and finish
- Good extrudability even at low temperatures
- Outstanding bond strength on nearly all surfaces
- High-performance mechanical properties
- No odour and VOC-friendly

Colour		Size	Code
White	<input type="checkbox"/>	600ml	20098
Grey	<input checked="" type="checkbox"/>	600ml	20101
Black	<input checked="" type="checkbox"/>	600ml	20105

Gorilla Boltfix Anchoring Adhesive

DESCRIPTION

Gorilla Boltfix Anchoring Adhesive is a rapid curing two part chemical anchoring system based on epoxy acrylate.

FEATURES & BENEFITS

- Styrene-free and suitable for exterior applications
- Fast curing
- Pressure-free and ideal for securing threaded rods, reinforcement bars, profiles, etc.
- Use on solid and hollow materials
- Wide application area, even in wet drill holes, under water and at low temperatures

Colour		Size	Code
Grey	<input checked="" type="checkbox"/>	300ml	21423
-		3pk spare nozzles	21424

02 CONSTRUCTION ADHESIVES

Gorilla Soudafix Anchoring Adhesive

DESCRIPTION

Gorilla Soudafix Anchoring Adhesive is a rapid curing two-part seismic (C1) anchoring system. Delivers styrene-free (low odour), is watertight and has a high chemical resistance. Suitable for a wide application area, even in wet drill holes and at low temperatures.

FEATURES & BENEFITS

- Seismic tested (C1)
- Application in both cracked and uncracked concrete
- Suitable for attachment points close to the edge
- High chemical resistance
- Fire resistance class R120 (M8-M30)

Colour	Size	Code
Grey	300ml	20268
-	3pk spare nozzles	21424

- Watertight and impermeable fixing
- High load capacity
- Great for vertical and overhead applications
- Rapid curing
- Pressure-free securing

Gorilla Grab Construction Adhesive

DESCRIPTION

Gorilla Grab is a high performance solvent based, paste like construction adhesive that is formulated to bond a wide variety of common construction materials such as timber, gypsum, polystyrene and most metals.

FEATURES & BENEFITS

- Polystyrene safe
- Suitable for multiple substrates such as wallboard, plasterboard, metals, timber and flooring
- High strength
- Easy application, good viscosity

Colour	Size	Code
Beige	300ml	20274

- High solid content, meaning less shrinkage
- Waterproof packaging
- Bonds to both damp & dry timbers
- Interior & exterior use

Gorilla Shower Grab Heavy Duty Adhesive

DESCRIPTION

Gorilla Shower Grab is formulated for bonding acrylic shower linings and shower trays. With good initial grab and a strong lasting bond and is designed to bond to a wide range of substrates.

FEATURES & BENEFITS

- High strength adhesive
- Suitable for bonding most substrates, including acrylic shower linings, PVC, MDF, particle board, tiles & ceramics

Colour	Size	Code
Beige	300ml	20271

- Excellent adhesion to damp and dry timbers
- Strong lasting bond
- Waterproof packaging

MS SEALANTS & ADHESIVES

03

Gorilla MS Sealant

DESCRIPTION

Gorilla MS Sealant is an all-purpose single-component joint sealant based on the latest MS polymer technology. Designed for all types of construction joints.

FEATURES & BENEFITS

- Low slump
- The whitest of whites
- 900% elongation of break
- High performance MS
- BRANZ Appraised
- Works on damp surfaces
- Paintable 1 hour after application
- UV resistant
- AsureQuality tested
- Easily repairable

FixALL Crystal

DESCRIPTION

FixAll Crystal Sealant and Adhesive is an optically clear, neutral, elastic, single-component sealant/adhesive based on MS-Polymers, outstanding for those areas where you need the clearest of finishes.

FEATURES & BENEFITS

- Cartridge contains recycled plastic!
- Completely transparent
- Anti-fungal formulation
- Permanently elastic
- Solvent and isocyanate free
- Strong bond on nearly all surfaces
- Interior and exterior
- Super easy to tool and finish

Colour		Size	Code
Clear		125ml	19332
Clear		290ml	19331

FixALL High Tack

DESCRIPTION

FixALL High Tack Sealant is a single-component joint sealant based on MS-Polymer technology. It delivers 140kgs of initial tack while still being able to be manipulated.

FEATURES & BENEFITS

- Cartridge contains recycled plastic!
- High-performance MS sealant
- High flexibility
- Solvent free
- Odourless
- Will stick to damp surfaces
- Paintable 1 hour after application under normal conditions
- UV and weather resistant

Colour		Size	Code

03 MS SEALANTS & ADHESIVES

FixALL Turbo

DESCRIPTION

The ultimate MS Polymer adhesive when speed matters. Its ultra-fast action, combined with great bonding strength, makes it ideal for all tasks where speed and time are important, such as signage and tiling.

FEATURES & BENEFITS

- Hand-tight in 20 mins
- Full strength in 3 hours
- Offers 20% flexibility
- 100% solvent free
- Paintable
- Delivers great UV and weather resistance

Colour		Size	Code
White	<input type="checkbox"/>	125ml	20312
White	<input type="checkbox"/>	290ml	20311

Soudal Soudaseal 270HS

DESCRIPTION

Soudal Soudaseal 270HS is a high-quality single-component sealant and adhesive. It is based on MS-Polymer technology and is chemically neutral, fully elastic and offers very good mechanical properties.

FEATURES & BENEFITS

- Does not contain isocyanates
- Combines high-end strength with certain rigidity
- High initial tack and fast build-up of end strength
- Colour stability and UV resistance
- No bubble formation within sealant (in high temperature and humidity applications)
- Can be painted with water-based systems and industrial varnishes
- Very easy to tool and finish

Colour		Size	Code
White	<input type="checkbox"/>	290ml	20084
Black	<input checked="" type="checkbox"/>	290ml	20093
White	<input type="checkbox"/>	600ml	20085

Gorilla Bathroom & Kitchen Silicone

DESCRIPTION

Gorilla Bathroom & Kitchen Silicone Sealant is a high-quality neutral-cure elastic single-component silicone-based joint sealant ideal for joints in sanitary rooms (on synthetic baths and tubs) and kitchens, top sealing in glazing, and sealing in refrigerators.

FEATURES & BENEFITS

- Sanitary formula
- Excellent moisture and mould resistance
- Very easy to apply
- Colourfast and UV resistant
- Permanent elasticity after curing
- Low modulus
- Corrosion free

Colour		Size	Code
Clear	<input type="checkbox"/>	300ml	19310

Gorilla General Purpose Silicone

DESCRIPTION

Gorilla General Purpose Silicone is a fast-curing neutral-cure fully elastic single-component joint sealant suitable for top sealing of glazing jobs, sealing between treated wood and metal profiles and sealing between PVC and glass.

FEATURES & BENEFITS

- Very easy application
- Permanent colour, good UV-resistance
- Fast skin formation
- Stays elastic after curing
- Very good adhesion on many materials
- Low modulus
- Waterproof
- Neutral cure, safe for fish tanks

Colour		Size	Code

Gorilla Roof & Gutter Silicone

DESCRIPTION

Gorilla Roof & Gutter Silicone is a fast-curing neutral-cure fully elastic joint sealant, ideal for sealing horizontal and vertical joints in wall and roof connections, repair and renovation of roof and gutter systems, and connection and expansion joints on roof works.

FEATURES & BENEFITS

- Very easy application
- Permanent colour, good UV-resistance
- Fast skin formation
- Stays elastic after curing
- Very good adhesion on many materials
- Impervious to mould
- Corrosion free

04 SILICONES

Gorilla Electrical Silicone

DESCRIPTION

Gorilla Electrical Silicone Sealant is a fast-curing neutral-cure fully elastic single-component joint sealant ideally suited for lead wire entries, conduit terminal boxes, component mounting, conduit ends, cover plates and conductor entry boxes.

FEATURES & BENEFITS

- UV resistant
- Non-corrosive
- Waterproof

Colour	Size	Code
Clear	<input type="checkbox"/>	310ml 19323

- Excellent levels of ingress protection
- Fast and neutral cure

Gorilla Glass & Ceramic Silicone

DESCRIPTION

Gorilla Glass & Ceramic Silicone Sealant is a high-quality elastic single-component acetic-cure joint sealant, ideal for glazing and connection joints, and general building and construction joints.

FEATURES & BENEFITS

- Very easy application
- UV-resistant
- Stays elastic after curing

Colour	Size	Code
White	<input type="checkbox"/>	300ml 19299
Clear	<input type="checkbox"/>	300ml 19304

- Very good adhesion on many materials
- Fast skinning
- Interior and exterior

Gorilla 970 Sanitary Silicone

DESCRIPTION

Gorilla 970 Sanitary Silicone Sealant is a high-quality neutral-cure elastic single-component silicone-based joint sealant ideal for joints in sanitary rooms (on synthetic baths and tubs) and kitchens, top sealing in glazing, and sealing in refrigerators and air-conditioning systems.

FEATURES & BENEFITS

- Long open time
- Excellent moisture and mould resistance
- Very easy to apply
- Colourfast and UV resistant
- Permanent elasticity after curing

Colour	Size	Code
Clear	<input type="checkbox"/>	300ml 23201
White	<input type="checkbox"/>	300ml 23202

- Corrosion free
- Adheres to substrates that are not subject to immersion, water pressure or high stress

Gorilla 980 Plumbers Silicone

DESCRIPTION

Gorilla 980 Plumbers Silicone is a neutral-cure fully elastic single-component joint sealant suitable for top sealing of glazing jobs, sealing between treated wood and metal profiles and sealing between PVC and glass.

FEATURES & BENEFITS

- Non-acidic
- Permanently flexible
- UV-resistant
- Seals sheet metal, aluminium roofing, flashing and guttering
- Easy application

Colour	Size	Code
Translucent	<input type="checkbox"/> 300ml	23200

Gorilla High Temp Silicone

DESCRIPTION

Gorilla High Temp is an elastic, single-component engineering sealant based on silicone that withstands very high temperatures. It is ideal for sealing between metal components, sealing of heating installations, and pumps and engines.

FEATURES & BENEFITS

- Excellent resistance to fuels, oils and grease
- High temperature resistance up to 280°C
- Very easy to apply
- Permanent elastic after curing
- Good resistance to water, aliphatic solvents, mineral oils, grease, diluted inorganic acids and alkalis

Colour	Size	Code
Black	<input checked="" type="checkbox"/> 310ml	20140

Gorilla Silicone Remover

DESCRIPTION

Gorilla Silicone Remover is a ready-made gel for the easy removal of cured silicones and MS Polymers.

FEATURES & BENEFITS

- Ready to use, no mixing required
- Liquid, easy application
- Non-sagging
- Suitable for silicone and MS Polymer sealants

Colour	Size	Code
Clear	<input type="checkbox"/> 100ml	19920

04 SILICONES

Gorilla Sealant Remover Spray

DESCRIPTION

Gorilla Sealant Remover Spray is a ready-to-use and fast-working spray, based on terpenes, for removing hardened silicones and MS polymers. Can be applied on most surfaces, including aluminium, coatings, ceramics, laminated board, paint and certain plastics.

FEATURES & BENEFITS

- Removes silicone and MS polymers
- Compatible with most substrates
- Ready-to-use
- Quick acting

Size	Code
400ml	75133

Soudal Silirub Cleanroom Silicone

DESCRIPTION

Soudal Silirub Cleanroom Silicone is a high-quality neutral-cure elastic single-component silicone-based joint sealant suitable for joints in sanitary rooms and kitchens, top sealing in glazing, sealing in refrigerators and container construction and sealing of insulated cool store panels.

FEATURES & BENEFITS

- Long open time
- Excellent moisture and mould resistance
- Very easy to apply
- Colourfast and UV resistant
- Permanent elasticity after curing
- Corrosion free
- Adheres to substrates that are not subject to immersion, water pressure or high stress

Colour	Size	Code
Titania	310ml	19313
Titania	600ml	20187

Gorilla RTV Acetic Silicone

DESCRIPTION

Gorilla RTV Acetic Silicone is a one part sealant that offers excellent adhesion, weather resistant and elasticity for general glazing; glass, plastic, channel or stop.

FEATURES & BENEFITS

- Acetic acid curing system
- Outstanding durability
- Single-component – no mixing required
- Permanently flexible
- Weather-proof
- Low shrinkage
- No sagging
- UV resistance
- Primerless adhesion to most materials

Colour	Size	Code
White	30ml	01308

Gorilla Pro Gaps Multipurpose

DESCRIPTION

Gorilla Pro Gaps Multipurpose is a one-component sealant, with good adhesion without a primer on building materials like concrete, brickwork, painted wood, anodized aluminium and PVC. Apply to joints between stairs and walls, between concrete and ceiling elements, between wall and ceiling, skirting boards, windowsills and aerated concrete.

FEATURES & BENEFITS

- Almost odour free
- Forms an elastic water-resistant skin after full cure
- Does not stain
- Excellent adhesion to porous substrates
- Paintable after 20 minutes (given the diversity of available paints it is recommended to do a compatibility test prior to application)

Colour		Size	Code
White	<input type="checkbox"/>	300ml	01403
White	<input type="checkbox"/>	300ml (3pk)	01400
White	<input type="checkbox"/>	300ml (2pk)	90007

Gorilla Pro Gaps Quick Dry

DESCRIPTION

Gorilla Pro Gaps Quick Dry is a one-component, quickly paintable, plasto-elastic sealant based on acrylic dispersion. Due to its unique composition, it minimizes the risk of crazing and cracking, even with highly filled and covering paints. Great for finishing seams and gaps or repairing cracks and drilling holes in porous surfaces that need to be painted, such as plasterboard, concrete and stone.

FEATURES & BENEFITS

- Almost odour free
- Very easy to apply and finish
- Colourfast and waterproof after curing
- Paintable after 10 minutes
- Paintable with many paint types

Colour		Size	Code
White	<input type="checkbox"/>	310ml	19277

Gorilla Pro Gaps Exterior

DESCRIPTION

Gorilla Pro Gaps Exterior Filler is a one-component highly qualified, plasto-elastic sealant based on acrylic dispersions. Great for connection joints with maximum movement of 15%. Examples of use include joints on window sills, filling gaps between plinths and walls, and between masonry.

FEATURES & BENEFITS

- Almost odour free
- Excellent adhesion to porous substrates and aluminium
- Does not stain
- Paintable after curing

Colour		Size	Code
White	<input type="checkbox"/>	310ml	19278

05 GAP FILLERS

Soudal Pro Gaps Light Speed Filler

DESCRIPTION

Soudal Pro Gaps Light Speed Filler is the professional's choice for fast, ultra-smooth finishes. The easy solution for fixing dents, cracks, and drill or nail holes in walls and ceilings. Formulated for porous materials like

plasterboard, concrete, and stone, Light Speed offers a smooth, shrink-resistant finish with minimal effort. Its lightweight, easy-to-apply formula sands effortlessly and is ready to sand in just 5 minutes. For deeper cavities, simply layer the filler, allowing 5–10 minutes of drying time between coats.

FEATURES & BENEFITS

- Can be sanded in 5 minutes
- Paintable in 15 minutes
- Ultra-smooth for professional paint finishes
- Multi-use lightweight spack filler
- Ready mixed for gaps & cracks
- Ideal for plasterboard
- Interior and exterior applications

Colour		Size	Code
White		250ml	174681
White		900ml	174685

Gorilla Bog Filler

DESCRIPTION

Gorilla Bog Filler is a two-component polyester putty based on unsaturated polyester resins. Great for filling scratches, tears, and dents in metal plates; even zinc and galvanised surfaces. Ideal for dealing with car dents.

FEATURES & BENEFITS

- Very easy to apply
- Fast curing
- Lasting adhesion
- Specified for use with ITI Timspec Weathertex Systems
- Can be treated quickly after application (e.g. grinding, sanding)
- Automotive uses

Colour		Size	Code
Grey		500g	01412
Grey		1000g	01414

Gorilla Plumbers Putty

DESCRIPTION

Gorilla Plumbers' Putty is a ready-to-use paste, which can be kneaded into the required form for many plumbing applications and sealing of metals. Used to install sanitary equipment (toilets and sinks) on floors and taps into sinks.

FEATURES & BENEFITS

- Excellent adhesion
- Remains elastic
- High bond strength
- Withstands water, acids and alkalis

Colour		Size	Code
White		150g	01296
White		250g	01292

Gorilla Linseed Window Putty

DESCRIPTION

Gorilla Linseed Window Putty is a high quality filler and sealant based on linseed oil and modified with synthetic resins. Use when installing glass sheets in greenhouses and verandas or when repairing glazing that has been sealed with window putty.

FEATURES & BENEFITS

- Ideal for window frames
- Paintable
- Suitable for timber, concrete and metals
- Easy to knead

Colour	Size	Code
Natural Beige	 1kg	01471

06 FIRE RATED SEALANTS

Soudal Firecryl FR

DESCRIPTION

Soudal Firecryl FR is a fire-resistant, smoke-tight (heat load intumescent) plasto-elastic sealant based on acrylic dispersion.

Colour	Size	Code
White	 310ml	20060
Grey	 600ml	21427

FEATURES & BENEFITS

- High dB attenuation
- Prevents the passage of fire and smoke
- Intumesces when exposed to temperatures higher than 120°C
- Can be painted after curing
- Very easy to apply
- Colourfast and waterproof after curing
- Very good adhesion on porous surfaces

Soudal Fire Silicone B1 FR

DESCRIPTION

Soudal Firesil Silicone is a high-quality neutral-cure elastic single-component sealant based on silicones that conforms to the DIN4102 B1 standard for fire retardancy and has a fire rating of up to 4 hours in certain joint configurations (EN 1366 part 4 – NN713.020 – BS 476/20). Ideal for linear building and glazing joints that require a fire rating and fire rated expansion joints.

Colour	Size	Code
Grey	 310ml	20165

FEATURES & BENEFITS

- Very easy to apply
- Colourfast and UV resistant
- Remains permanently elastic after full cure
- Very good adhesion on most surfaces
- Low modulus

Soudal Fire Cement Mortar

DESCRIPTION

Soudal Fire Cement is a high-quality single-component ready-to-use heat-resistant sealant that cures to form a hard seal. It withstands temperature of up to 1,500°C and is ideal for joints and openings of furnaces, heating systems and BBQs.

Colour	Size	Code
Black	 310ml	20190

FEATURES & BENEFITS

- <120 minute fire rating (refer to testing)
- Heat resistance <1,500°C
- BBQs and pizza ovens
- Rigid when cured

FIRE RATED SEALANTS 06

Soudal Soudaseal® FR Sealant

DESCRIPTION

Soudaseal FR® SMX is a fire-resistant, professional quality, elastic joint sealant. Internal and external applications. Testing of Soudaseal FR® has been carried out in asper the directives of AS1530.4 and in accordance with AS4072.1 on the following substrates being, Concrete masonry, Aerated-Autoclaved Concrete, Block & Plaster-board walls.

Colour	Size	Code
Grey	600ml	56219

FEATURES & BENEFITS

- Fire Resistant up to 240mins
- Smoke-tight formulation
- Suitable for use on both porous and non-porous surfaces
- Primerless adhesion on many substrates (except where water pressure may occur)
- Neutral cure SMX Polymer
- Low VOC
- No bubble formation within sealant (in high temperature and humidity applications)
- Excellent weather resistance in all climates
- Colour stability and UV resistant
- Paintable, with water-based paints

Gorilla High Temp Silicone

DESCRIPTION

Gorilla High Temp is an elastic, single-component engineering sealant based on silicone, which withstands very high temperatures. It is ideal for sealing between metal components, sealing of heating installations, and pumps and engines.

FEATURES & BENEFITS

- Excellent resistance to fuels, oils and grease
- High temperature resistance up to 280°C
- Very easy to apply
- Permanently elastic after curing
- Good resistance to water, aliphatic solvents, mineral oils, grease, diluted inorganic acids and alkalis

Colour	Size	Code
Black	310ml	20140

Gorilla 940FC Automotive Sealant

DESCRIPTION

Gorilla 940FC Automotive PU Sealant is a high quality, elastic, one-component adhesive for structural bonding of body elements based on polyurethane. Ideal for structural bonding in vibrating and automotive constructions, sealing and bonding applications in the building industry, and sealing of shrinking joints in concrete floors.

FEATURES & BENEFITS

- Very easy to apply
- Permanently elastic after curing
- Excellent adhesion
- High resistance to many chemicals
- Agri Quality approved for flooring joints

Colour	Size	Code
Black	310ml	20054
White	310ml	20055
Grey	310ml	20082
Black	600ml	20064
White	600ml	20066
Grey	600ml	20069

Carbond 955DG Windscreen Sealant

DESCRIPTION

Carbond 955 DG Windscreen Sealant is a ready-to-use, elastic, single-component adhesive/sealant based on polyurethane for installing windcreens in vehicles.

FEATURES & BENEFITS

- Good sag resistance
- High end strength
- Good colour stability, and weather & UV resistance
- Use with Carbond 955 DG Windscreen Primer

Colour	Size	Code
Black	310ml	20063

Carbond 995DG Windscreen Primer

DESCRIPTION

Carbond 955DG Windscreen Primer is only to be used with Carbond 955DG Windscreen Sealant. It is an adhesion promoter with Carbond 955DG Windscreen Sealant.

FEATURES & BENEFITS

- Increases bond strength
- To be used before applying Carbond 955DG Windscreen Sealant

Colour	Size	Code
Clear	<input type="checkbox"/> 30ml	20091

08 FLOORING

Gorilla MS Flooring Vapour Barrier Kit

DESCRIPTION

Gorilla MS Flooring Vapour Barrier Kit is a two-component water-based moisture sealant for use over old and new concrete to provide a vapour barrier prior to applying a flooring system.

FEATURES & BENEFITS

- Cures in 4 hours
- Non-toxic and odourless
- Non-flammable
- Easy to mix and apply
- Only one coat required

Colour	Size	Code
Green	4L (2x2L)	18995

Gorilla MS Flooring Adhesive

DESCRIPTION

Gorilla MS Flooring is a ready-to-use one-component, water- and solvent-free flooring adhesive, which cures by means of a chemical reaction within the adhesive. Once fully cured, an elastic non-shrinking layer is formed, which is resistant to moisture and heat.

FEATURES & BENEFITS

- Contains no isocyanates
- Superior European formulation
- Resistant to moisture and heat
- Forms and maintains stable peaks when applied with a notched trowel

Colour	Size	Code
White	600ml	18994
White	6kg	18999
White	18kg (3x6kg)	18998

Soudal LVT 120FT Special Patterns

DESCRIPTION

Soudal LVT 120FT is a ready-to-use adhesive for bonding elastic floor coverings to flat, absorbent surfaces. Thanks to its long opening time and instant adhesion, it is suitable for laying special patterned flooring (e.g. herringbone).

FEATURES & BENEFITS

- Extremely suitable for special laying patterns
- Long open time: 120 min
- Ready-to-use dough
- Complies with ISO 22636: Flooring adhesive
- Premium class: EC1
- Suitable for vertical surface/covings/walls
- Very high initial tack
- Immediately walkable surface
- Heat resistance, compatible with underfloor heating
- Interior applications

Size	Code
13kg	157787

Gorilla Carpet Gripper

DESCRIPTION

Gorilla Carpet Gripper is a one component, ready to use polyurethane based adhesive with excellent water resistance.

FEATURES & BENEFITS

- Waterproof polyurethane formulation (D4 rating)
- Professional quality
- Interior/Exterior suitability
- Bonds to a variety of substrates & materials
- Foaming penetration to expand into cavities
- Fast curing
- 100% solids
- Solvent free

Colour	Size	Code
Brown	500ml	01493

Gorilla MS Flooring Trowel 4mm

DESCRIPTION

The Gorilla MS Flooring trowel is to be used in combination with Gorilla flooring products.

FEATURES & BENEFITS

- Exclusive trowel for MS Flooring Adhesive
- Delivers the specified bead of the product
- Accurate dispenser
- Made of steel

Size	Code
4mm	19001

09 WATER PROOFING

Gorilla Waterstop 1000

DESCRIPTION

Gorilla WaterStop 1000 Stretchable Waterproof Repair is a ready-to-use fibre-reinforced, protective roof coating for use on wet or dry surfaces. It is a thick, viscous liquid that is applied using a brush, roller or pallet knife and forms a completely waterproof rubber barrier. Ideal for the repair and protection of roofs, and sealing of leaks, cracks and joints.

FEATURES & BENEFITS

- Fully elastic when cured
- Synthetic fibres enhance structural strength
- Solvent-based acrylic polymer
- For use in wet or dry conditions
- Possible to apply in sub-zero temperatures
- UV resistant — will not discolour
- Will bridge large gaps
- Long life
- Withstands large temperature variations
- Will bond across 2mm gap (greater than this requires the use of mesh reinforcing tape)

Colour		Size	Code
Grey		750g	19388
Grey		10kg	19393

Gorilla Waterstop Protect

DESCRIPTION

Gorilla Waterstop Protect is a ready-to-use, protective roof coating for use on dry surfaces, which enables the waterproofing of cracks and bubbles in inclined roofing, terraces, balconies and cupolas.

FEATURES & BENEFITS

- Solvent free
- Fully elastic when cured
- Waterproof and colourfast
- Resistant to UV and temperature variations

Colour		Size	Code
White		1L	36686
White		4L	36687

NB: Previously Holdfast EPM6

Gorilla BlackJack Membrane

DESCRIPTION

BlackJack is a water-based, high-performance ready-to-use, cold-applied high-build liquid waterproofing membrane based on polymer-modified bitumen emulsion. BlackJack forms a seamless, highly elastic and durable film that adheres well to most common substrates, e.g. concrete, cement blocks, retaining walls, wood, and wet areas such as kitchen, toilet floors and balconies. BlackJack is highly resistant to chlorides and sulphates commonly present in soil.

FEATURES & BENEFITS

- Single component, ready to use
- Easy to use
- Non-flammable and non-toxic
- Applicable immediately after removal of the formwork
- Environment friendly

Colour		Size	Code
Black		1L	36696
Black		4L	36688
Black		20L	36689

Gorilla BlackJack Sealant

DESCRIPTION

Gorilla BlackJack is a Bituminous based sealant is especially formulated for the sealing between asphalt based roofing materials, roofing materials in general and difficult to seal against plastics (LDPE/HDPE) against other construction materials in a UV Protected environment.

Colour	Size	Code
Black	310ml	19926

FEATURES & BENEFITS

- Smooth finishing
- Weatherproof seal
- Seals leaks, cracks and joints
- Use on eaves, gutters and skylights
- Specified with Marshall Innovations Pro-Joists
- Remains flexible
- Suitable for horizontal and vertical applications
- Suitable for application onto wet substrates

10 WOOD ADHESIVES & PVAS

Gorilla Glue Premium 1 Hour Cure

DESCRIPTION

Gorilla Glue Premium 1 Hour Cure is a single-component, ready-to-use polyurethane-based adhesive with excellent water resistance, requiring only 30 minutes of clamping.

Colour	Size	Code
Brown	 500ml	01494

FEATURES & BENEFITS

- Glues almost anything
- Waterproof polyurethane formulation (D4 rating)
- Also suitable for timbers with a moisture content between 14%–26%
- Interior/Exterior suitability
- Foaming penetration to expand into cavities
- Solvent free

Gorilla Glue Premium 3 Hour Cure

DESCRIPTION

Gorilla Glue Premium 3 Hour Cure is a single-component ready-to-use polyurethane-based adhesive with excellent water-repellent properties.

Colour	Size	Code
Brown	 1L refill tin	01495
Brown	 250ml	01498
Brown	 500ml	01499
Brown	 5L	20065

FEATURES & BENEFITS

- Glues almost anything
- Waterproof polyurethane formulation (D4 rating)
- Professional quality
- Interior/Exterior suitability
- Foaming penetration to expand into cavities
- Solvent free

Gorilla Aliphatic PVA

DESCRIPTION

Gorilla Aliphatic PVA is a top-quality woodworking adhesive formulated for general use and is suitable for a variety of timbers including Rimu, Beech and Pine as well as MDF and ply.

FEATURES & BENEFITS

- Ideal for face/edge joinery
- Suitable for interior use
- Sandable
- Heat and water resistant (D3 rating)

Colour	Size	Code
Pale Cream	 250ml	01372
Pale Cream	 500ml	01373
Pale Cream	 1L	01374
Pale Cream	 2L	01375
Pale Cream	 4L	01376
Pale Cream	 20L	01377

Gorilla Crosslinking PVA

DESCRIPTION

Gorilla Crosslinking PVA is a pre-catalyzed, fast setting emulsion adhesive with an excellent shelf life. The product is ready for use and requires no mixing of catalysts.

FEATURES & BENEFITS

- Ideal for bonding MDF
- Dries clear, ideal for face/edge joinery
- Heat and water resistance (D3 rating)
- Suitable for interior and exterior
- Rapid and high strength

Colour	Size	Code
White (Dries Clear) <input type="checkbox"/>	250ml	23000

Gorilla PVA General Purpose

DESCRIPTION

Gorilla PVA General Purpose is a water-based synthetic adhesive, ideal for paper applications, such as bag making, board laminating and tube winding.

FEATURES & BENEFITS

- High initial tack and sets fast
- Ideal carton and packaging adhesive
- Heat and water resistant (D3 rating)
- Complies with FDZ Reg article 21FR175.105 for indirect food contact
- Cleans up with water

Colour	Size	Code
White (Dries Clear) <input type="checkbox"/>	100ml with spreader	01371

11 SUPER GLUES & ULTRA-BONDERS

Gorilla Super Glue Easy Brush

DESCRIPTION

Gorilla Super Glue is a high-strength, fast-setting adhesive that can be used for most fastening jobs. It has been specially formulated to achieve the strongest possible bond between well-mated non-porous surfaces, such as rubber, metals, plastics, and glass, without the need for a catalyst, heat or clamps.

FEATURES & BENEFITS

- High strength
- Top fast-setting adhesive
- Single component
- Solvent free
- Non-spill bottle
- Accurate application
- Flexible brush

Colour	Size	Code
Clear	5g	00180

Gorilla Super Glue Power Liquid

DESCRIPTION

Gorilla Super Glue Power Liquid is a high-strength, fast-setting adhesive that can be used for most types of fastening jobs. It is a unique product delivering the fastest setting ability among cyanoacrylate adhesives.

FEATURES & BENEFITS

- Specially designed for bonding and repairing of wooden furniture
- Fast bonding
- Contains application nozzle
- Dries clear
- Can also used on ceramics, metals, hardwood and most plastics
- Solvent free
- Does not require use of catalyst, heat or clamps

Colour	Size	Code
Clear	10g hangsell	00178
Clear	3g tube	01300
Clear	3g tube 2pk	01303

Gorilla Super Glue Power Gel

DESCRIPTION

Gorilla Super Glue Power Gel is a non-running gel glue for ease of application to walls and ceilings. It provides a longer setting time giving user enough time to put materials together and reposition after application.

FEATURES & BENEFITS

- Ideal for bonding metals, rubber, plastics, leather, and wood
- Repositionable
- 2–20 second cure time
- High viscosity

Colour	Size	Code
Clear	3g tube	01378

SUPER GLUES & ULTRA-BONDERS 11

Soudal Ultrabonder 601 & 606

DESCRIPTION

Soudal Ultrabonder 601 and 606 are low-viscosity, fast-curing single-component adhesives specifically designed for difficult substrates such as plastics and rubbers.

Colour	Size	Code
Clear	<input type="checkbox"/> 50g 601	09102
Clear	<input type="checkbox"/> 20g 606	09151

FEATURES & BENEFITS

- 3–5 second cure time
- Solvent-free clear liquid
- High-performance instant adhesive
- Great for model making and industrial use

Gorilla Thread Locker Adhesive

DESCRIPTION

Gorilla Thread Locker is a solvent free that is used for locking and sealing of threaded fasteners which require normal disassembly with standard hand tools.

Colour	Size	Code
Blue	<input checked="" type="checkbox"/> 10ml	01295

FEATURES & BENEFITS

- Withstands vibration
- Heat resistant
- Prevents leaks
- Ideal for bearings, nuts, bolts and screws

12 SPECIALTY ADHESIVES

Soudal 2C Super Fast Adhesive

DESCRIPTION

Soudal 2C Super Fast Adhesive is a 2-part professional adhesive with an aerosol activator. It is a multi-purpose adhesive that provides high bond strength and moisture resistance. Perfect for applications where final cure speed needs to be accelerated.

FEATURES & BENEFITS

- Great for mitre joints
- Sets in seconds
- High bond strength
- Moisture resistant
- Use on: wood, MDF, plastic, metal, porcelain, leather, ceramics and more

Colour	Size	Code
NA	50g/200ml	01305

Soudal Green Fix

DESCRIPTION

Soudal Green Fix is a high-strength all-weather adhesive based on MS Polymer technologies suitable for the bonding and repairing of small areas of artificial grass on many different substrates.

FEATURES & BENEFITS

- Designed for the fix & repair of artificial turf surfaces
- Suitable for both internal & external use

Colour	Size	Code
Green	290ml	20318

Soudal Mirror Fix

DESCRIPTION

Soudal Mirror Fix is a high-quality neutral-cure single-component mirror adhesive based on MS polymer technologies.

FEATURES & BENEFITS

- Compatible with both silver and vinyl backed mirror systems
- Fast curing
- No risk of staining on porous substrates
- Remains elastic after curing
- Solvent free
- Paintable with all water-based paints
- Colourfast
- No odour
- Good adhesion, even on moist substrates/surfaces

Colour	Size	Code
White	290ml	20319

Gorilla H2 Contact Adhesive

DESCRIPTION

Gorilla H2 Contact Adhesive delivers a high-strength heat-resistant bond and is excellent for use on a range of porous and non-porous materials.

FEATURES & BENEFITS

- Fast drying
- Permanent bond
- Waterproof
- Suitable for plastic, laminates, carpet, vinyl, skirting, leather and resin rubber

Colour	Size	Code
Light Brown	30ml	01323
Light Brown	250ml + brush	01319
Light Brown	4L	01322

Gorilla Clearbond Craft Adhesive

DESCRIPTION

Gorilla Clear Bond Craft Adhesive is a colourless elastic adhesive designed to bond a range of craft materials.

FEATURES & BENEFITS

- Strong craft adhesive
- All purpose use
- Dries clear, quick setting
- Bonds to most surfaces

Colour	Size	Code
Clear	30ml	01336

Gorilla Epoxy 4 Minute Cure Resin Adhesive

DESCRIPTION

Gorilla Epoxy Resin Adhesive is a fast setting, non-shrinking, clear colour epoxy adhesive. With high mechanical strength, excellent resistance to most chemicals and reliable heat resistance, it is perfect for any project requiring a 4 minute set time.

FEATURES & BENEFITS

- 2 part epoxy resin
- Sets in 4 minutes
- Dries clear

Colour	Size	Code
Clear	PART A 3ml + PART B 3ml	01324

13 PRIMERS & ACTIVATORS

Gorilla 696 Surface Activator

DESCRIPTION

Gorilla 696 Surface Activator is a cleaner, degreaser and primer. Surface Activator will activate non-porous surfaces such as plastics, coatings and metal for improved adhesion of sealants based on silicone, polyurethane and MS Polymer. Use to prepare some plastics, powder coatings and other non-porous surfaces before bonding and sealing.

Colour	Size	Code
Translucent	<input type="checkbox"/> 100ml	19391
Translucent	<input type="checkbox"/> 500ml	19389
Translucent	<input type="checkbox"/> 5L	19392

FEATURES & BENEFITS

- Liquid, easy to use
- To be used as a cleaner and primer on non-porous surfaces
- Suitable for silicone, polyurethane and hybrid sealants

Gorilla Primer 150

DESCRIPTION

Gorilla Primer 150 is a universal primer for porous surfaces to be used to prepare the area before applying silicone sealants and MS Polymer-based sealants. To be used on walls of expansion joints, and walls of porous materials with high water exposure.

Colour	Size	Code
Clear	<input type="checkbox"/> 500ml	20057

FEATURES & BENEFITS

- Liquid, easy application
- Suitable for silicones and MS Polymer-based sealants and adhesives

Gorilla Silicone Spray

DESCRIPTION

Gorilla Silicone Spray is a transparent spray with lubricating and anti-adhesive characteristics based on high-grade silicone oil. Ideally suited for light lubrication of plastics and rubbers such as sliding doors and rubber seals. Silicone spray also creates a water-repellent layer and protects the electrical wiring of cars, engines and lawn mowers from moisture. Not to be used for brake drums and brake discs. Treated surfaces cannot be painted.

Colour	Size	Code
Clear	<input type="checkbox"/> 400ml	21611

FEATURES & BENEFITS

- Lubricates and water-repellent
- Lowers friction and reduces wear of mechanical parts
- Rust and corrosion resistant
- Can be used on electrical insulating
- For indoor and outdoor use
- Aerosol can be used at any angle (360°)
- Gives plastics and rubber a glossy finish

PRIMERS & ACTIVATORS 13

Gorilla Zinc Spray

DESCRIPTION

Gorilla Zinc Spray is a high-grade sprayable zinc compound. Zinc spray has a galvanizing effect. Protects zinc and unprocessed iron and steel against corrosion. To be used for coachwork, gutter braces and weld joints; also suitable for spot welding.

Colour	Size	Code
Grey	400ml	75129

FEATURES & BENEFITS

- Good resistance against mechanical shocks, rubbing and erosion
- Contains 98% Zinc
- Can be used on rust
- Good electrical conductor

Soudal Underbody Protection

DESCRIPTION

Soudal Underbody Protective Coating is a ready-to-use waterproof coating which can be applied using an airless gun or an air-pressured gun. It is used to form a protective layer against rust and mechanical abrasion. Protects wheel arches and car underbodies against corrosion.

Colour	Size	Code
Black	500ml aerosol	20164
Black	1kg gun grade	20155

FEATURES & BENEFITS

- Creates a tough elastic layer with excellent protection against rust, oils, salt and abrasion
- Can be painted
- Sound deadening
- Resistant to water and solvents

Soudal Antigravel

DESCRIPTION

Soudal Anti-Gravel protective coating is a ready-to-use waterproof coating that can be applied by either air pressured or airless coating equipment. It forms a protective coating against stone chips, rust, water and sand.

Colour	Size	Code
Black	500ml aerosol	20167
Black	1kg gun grade	20163

FEATURES & BENEFITS

- Creates a tough elastic layer
- Does not contain bitumen or asphalt
- Sound deadening
- Water repellent
- Withstands temperature extremes
- Can be painted with all types of car varnishes when dried
- Resistant to water and solvents

13 PRIMERS & ACTIVATORS

Soudal Incoat ML Wax

DESCRIPTION

Soudal Incoat ML Wax is a ready-to-use anti corrosion coating that can be applied by either air-pressured or airless coating equipment. It forms a protective layer inside cavity areas in cars such as wheel arches and car box sections. Provides general rust protection for machines, machine parts and tools.

FEATURES & BENEFITS

- Contains pure wax
- Forms a permanent, slightly tacky wax coat after drying
- Cleans, producing a corrosion resistant barrier
- Deep penetration action
- Forms a water repellent coating that protects against rust
- Does not drip
- High temperature resistance

Colour	Size	Code
Translucent	<input type="checkbox"/> 1kg gun grade	20172

Soudal Primer 100

DESCRIPTION

Soudal Primer 100 is a universal primer for porous surfaces to be used with polyurethane based sealants. For priming of porous surfaces (timber, concrete and plaster) prior to application of polyurethane based sealants.

FEATURES & BENEFITS

- Liquid, easy application
- Suitable for all professional sealants based on polyurethane

Colour	Size	Code
Translucent	<input type="checkbox"/> 500ml	20202

Metalex Wood Protector

DESCRIPTION

Metalex Wood Protector is a product designed to protect timber from both environmental and insect attacks.

Colour	Size	Code
Clear	4L	43999

FEATURES & BENEFITS

- Durable transparent timber preservative
- Waterproofs
- Prevents aging and weathering
- Protects from UV rays, insects and mould

Metalex Timber Preservative Aerosol

DESCRIPTION

Metalex Timber Preservative Aerosol is a specially developed wood preservative that helps builders and fencers/farmers to retain the treatment envelope of treated timber after it has been drilled or cut. Ideal for fencing, decking, flooring, garden furniture, pergolas, window trims, gates and many other timber applications.

Colour	Size	Code
Clear	400ml	44000
Green	400ml	44007*

*** Endorsed for use with Goldpine timber**

FEATURES & BENEFITS

- Convenient easy-to-use pre-mixed treatment solution
- Ideal for preserving your timber on the go
- Prevents against attacks from insects and rot
- Suitable for soft and hardwoods, rough sawn, dressed, moulded timber, engineered woods and plywood

Metalex Concentrated Timber Preservative

DESCRIPTION

Metalex Concentrated Timber Preservative is a preparation for the envelope and remedial treatment of fibrous products including timber.

FEATURES & BENEFITS

- Protects against insect attacks and fungus
- Water-resistant finish
- Easy to apply
- Available in clear or green
- Reduces moisture uptake
- Limits weathering, swelling and grain raising

14 TIMBER PROTECTORS

Metalex Ready To Use

DESCRIPTION

Metalex Ready To Use protects timbers and timber products from insect attack, fungal decay, warping, cracking, weathering, cupping, swelling and grain rising. It is ideal for the end sealing and protection of timber reveals used in the window joinery industry as a simple ready-to-use method to achieve compliance with the NZ Building Code.

FEATURES & BENEFITS

- Features dual-action active ingredients in a safer solvent carrier
- Comes ready to use — no on-site mixing required
- Contains Zinc Naphthenate anti-fungal compound
- Non-acidic — will not corrode typical metal fittings or powder-coated finishes
- Contains special waxes to help reduce the effects of weathering

Soudal Manhole Sealant

DESCRIPTION

Soudal Manhole Sealant is a butyl rubber sealing tape ideal for sealing and glazing applications in drainage systems. Because of its form and ease of handling, it is a highly economical installation solution.

FEATURES & BENEFITS

- Ideal for drainage systems
- Flexible
- Will not harden
- Has good weather and aging resistance
- Will not stain

Colour	Size	Code
Grey	16mm x 3.8m	20079
Grey	20mm x 3.8m	20197

Soudal Epoxy Concrete Repair

DESCRIPTION

Soudal Epoxy Concrete Repair is an economical highly filled heavy-duty epoxy mortar.

FEATURES & BENEFITS

- Super-strong structural repair
- Sticks concrete to concrete
- Sticks to damp surfaces
- Patches and repairs concrete
- Heavy-duty epoxy mortar

Colour	Size	Code
Grey	2L	01855
Grey	4L	01853
Grey	8L	01854

Gorilla Powercrete 7min Cure Mortar Repair

DESCRIPTION

Gorilla Powercrete Repair Mortar is a very fast-setting repair mortar with high early and late strength. Gorilla Powercrete Repair Mortar is designed to repair precast and in-situ concrete where high repair strength is required.

FEATURES & BENEFITS

- High strength
- Fast setting — sets in 7 minutes
- Wide application
- Will cure underwater

Colour	Size	Code
Grey	10kg	01860

Soudal Trade Tough Wipes

DESCRIPTION

Soudal Trade Tough Wipes are great for cleaning hands, tools and surfaces prior to priming. They eliminate the need for harsh cleaners such as turpentine.

FEATURES & BENEFITS

- Professional trade quality
- Easy to use and safe for skin
- Ideal for hands, tools, floors and other non-porous surfaces

- Removes grease & grime
- Removes fresh, uncured Gorilla Grip, Foam, Silicone, Glue

Colour	Size	Code
NA	200 x 250mm (100pk)	46012

Soudal Extra Tough Wipes

DESCRIPTION

Gorilla Extra Tough Wipes are great for cleaning hands and tools. They provide fast and permanent removal of fresh, uncured remains of adhesives and sealants such as Gorilla Grip, MS, PU Foams and Glues.

FEATURES & BENEFITS

- Easy to use and safe for skin
- Ideal for hands, tools, floors and other non-porous surfaces
- 210 x 165mm, 50 pack

- Removes grease & grime
- Removes fresh, uncured Gorilla Grip, Foam, Silicone, Glue

Colour	Size	Code
NA	210 x 165mm (50pk)	46005

Soudal Paint & Glue Wipes

DESCRIPTION

Gorilla Paint & Glue Wipes are great for cleaning hands, tools and surfaces prior to priming. They eliminate the need for harsh cleaners such as turpentine. Excellent for removal of fresh, uncured sealants and adhesives such as Gorilla Grip, MS, PU Foams and Glue.

FEATURES & BENEFITS

- Easy to use and safe for skin
- Ideal for hands, tools, floors and other non-porous surfaces
- 210 x 165mm, 50 pack

- Removes paint & ink
- Removes fresh, uncured Gorilla Grip, Foam, Silicone, Glue

Colour	Size	Code
NA	210 x 165mm (50pk)	46000

Gorilla Click & Fix Foam Gun

DESCRIPTION

Professional quality expanding foam gun designed and manufactured in Europe to the highest quality standards. Clean gun after every can of foam (using 20107).

FEATURES & BENEFITS

- Designed for use with the Gorilla Click & Fix Expanding Foam range
- Allows for high accuracy and foam flow control
- Includes disposable gloves and nozzles

Colour	Size	Code
Grey/Silver	 Fits Click & Fix 750ml	20106

FixALL Pro 600 Gun

DESCRIPTION

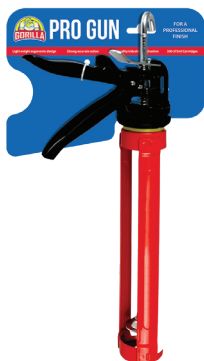

A versatile yet heavy-duty sausage and cartridge gun, ideal for the tradie who wants quality at a good price.

FEATURES & BENEFITS

- Light weight ergonomic design
- Fits cartridges and sausages
- Strong aluminium barrel (plastic barrel sold separately)
- 10mm pawl – stronger, smoother, better
- Thrust ratio 1:12 and fits 290ml–600ml

Colour	Size	Code
Red/Brass	 Fits 290ml-600ml	21116

Gorilla Pro Gun

DESCRIPTION

A superb lightweight caulking gun designed for general caulking use.

FEATURES & BENEFITS

- High-quality mechanism
- Industrial construction
- Light weight ergonomic design
- Fits 290m-375ml cartridges

Colour	Size	Code

Gator Foil Tape

DESCRIPTION

Gator Foil Tape has high thermal conductivity, superior conformability. It is moisture and solvent resistant, it also is heat and light reflective.

FEATURES & BENEFITS

- High thermal conductivity
- Superior conformability
- Moisture and solvent resistance
- Heat and light reflective

Colour	Size	Code
Foil	48mm x 45m	56558

Gorilla Thread Seal Tape

DESCRIPTION

Gorilla Thread Seal Tape is perfect for sealing plumbing connections to prevent water leaks in joints

FEATURES & BENEFITS

- 12mm x 0.1mm x 10m x 0.3g/cm³
- For sealing plumbing connections, e.g. pipes and tap threads
- Prevents water leaking from joints

Colour	Size	Code
White	12mm x 10m	11703
White	12mm x 10m 24pk	11704

Gator Bond Breaker Tape

DESCRIPTION

Gator Bond Breaker tape is a PE pressure sensitive tape with super strong adhesion and has a high resistance to dirt and water. Creates a surface that paint coatings and sealants will not adhere to.

FEATURES & BENEFITS

- Bond Breaker for sealants
- Super strong adhesion
- Excellent dirt and water resistance

Colour	Size	Code
Blue	12mm x 6m	56039

Gator Double Sided Foam Tape

DESCRIPTION

Gator Classic Double Sided Foam Tape is a great all purpose double sided tape, that can be used on a multiple surfaces. Provides a consistent thickness and is a quick and easy-to-use permanent solution.

FEATURES & BENEFITS

- Great all-purpose double-sided tape
- Permanent
- Quick and easy to apply
- Can be used on multi-surfaces

Colour	Size	Code
White	 12mm x 1mm x 60m	56002
White	 6mm x 1mm x 60m	56010

Gator Black Jack DPC Plastic Tape

DESCRIPTION

Gator Black Jack DPC Plastic tape is a heavy-duty polyethylene-based damp-proof coarse tape perfect for creating a non absorbent barrier between two surfaces such as the framing base plate and concrete. It is quick and easy to apply. Great for construction applications.

FEATURES & BENEFITS

- Plastic damp-proof course
- Bituminous membrane
- Heavy duty
- Easy to use

Colour	Size	Code
Black	 90mm x 30m	56550

Gator VHB Acrylic Double Sided Tape

DESCRIPTION

Gator VHB Acrylic Double Sided Tape is a clear gel tape with superior adhesion and a high bond strength. Great for consistent space between two surfaces. Used for common framing substrates and lightweight vehicle attachments.

FEATURES & BENEFITS

- Superior adhesion
- High bond strength
- Used for common framing substrates
- Lightweight vehicle attachments

Colour	Size	Code
Clear	 12mm x 1mm x 33m	11711

Gator VHB Double Sided Tape

DESCRIPTION

Gator VHB Double Sided Foam Tape has superior adhesion to most surfaces. With excellent weather and UV resistance it is great for using in automotive, electronic and construction applications.

FEATURES & BENEFITS

- Available in multi sizes
- Superior adhesion
- Excellent weather and UV resistance
- Great for automotive, electronic and construction applications

Colour	Size	Code
Grey	15mm x 1mm x 33m	56663
Grey	30mm x 1mm x 33m	56664

Gator SP Surface Protection Tape

DESCRIPTION

Gator SP Surface Protection Tape is a high performance pressure-sensitive wide tape that works as a great moisture, vapour, dirt and paint barrier. It has high elongation and conformability so it can be worked and manipulated easily. It is easy to apply and has clean removal (sensitive surfaces for up to 40 days). Fantastic for protecting aluminium doors and aluminium windowsills.

FEATURES & BENEFITS

- High performance
- Moisture, vapour, dirt and paint barrier
- High elongation and conformability
- Easy to apply, clean removal

Colour	Size	Code
Black	96mm x 50m	56659

Gator Electrical Insulation Tape

DESCRIPTION

Gator Electrical Insulation Tape is a pressure-sensitive tape used to insulate electrical wires/connections and other materials that can conduct electricity.

FEATURES & BENEFITS

- Economical grade general purpose electrical tape
- Assorted colours
- Coated with aggressive rubber resin
- Excellent conformability, high elongation

Colour	Size	Code
Black	18mm x 20m	11601
