SOUDAL

Soudal Solutions that perform

Since 1966, Soudal has been redefining performance in the building industry with a trusted range of sealants, adhesives, and polyurethane foams. What began as a family-owned Belgian company is now a global presence in over 140 countries—driven by integrity, innovation, and a bold commitment to building better.

With over 30 years on the ground in New Zealand, we understand the demands of local worksites. That experience is backed by a global network of 4,000 specialists, all focused on helping trade professionals achieve lasting results. Our product range is tried, tested, and tailored to handle everyday needs—and the most demanding, unique challenges.

Our range includes Pureseal, designed specifically for plumbing professionals. Made from 100% silicone, they offer outstanding workability, flexibility, and long-term durability—so you can deliver the ultimate finish, every time. No fillers. No solvents. Just clean, safe, high-performance sealants made to meet the needs of the trade.

At Soudal, we're more than just a supplier. We're your on-site partner—helping you build smarter, faster, and stronger, with solutions that work as hard as you do.
