Warranty

In addition to all rights and remedies to which you may be entitled under the New Zealand Consumer Guarantees Act (1993) and any other relevant legislation, Soudal NZ Limited warrants the product to be free from defects in materials or workmanship for 10 years from the date of purchase.

In the event of a claim, you must take the product with proof of purchase and an explanation of the fault to the place of purchase or contact Soudal NZ Limited and provide your proof of purchase. All costs associated with the return of the good (and other expenses incurred in claiming under this warranty) are your responsibility. We will, at our option, either repair or replace the product if it has a defect in its materials or workmanship.

Soudal NZ Limited liability under this warranty is subject to Soudal NZ Limited being satisfied that a defect was caused by defective workmanship or materials and was not caused by or substantially contributed to by other factors including (but not limited to) maintenance or repair, adjustments or modifications of the product in a manner not recommended by the manufacturers or any neglect, misuse or excessive use. For the avoidance of doubt, this warranty does not cover acts of God, earthquake, cyclone, fire, explosion, flood, landslide, lightning, storm, tempest, drought or meteor, war, terrorism, restraint or damage to property by or under the order of any government authority or industrial action.

You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

For goods purchased within New Zealand, this warranty is provided by Soudal NZ Limited, 134 Kohia Drive, Horotiu, Hamilton. Phone 0800 70 10 80.

- 2.4 Place the ground socket and main standard into the hole. Push the base of the ground socket into the gravel. Check level vertically. The top of the ground socket must sit approximately 6-12mm above ground level.
- 2.5 Support the main standard and concrete into position. Concrete should be damp enough to 'hold together' when squeezed in your hand. Settle concrete by pushing a thin stick into the mix several times. Leave the main standard in the ground socket until the concrete has set.
- 2.6 Allow 24 hours for the concrete to set before final assembly and use of your Rotary Hoist.
