

Code	Description	Size	Colour
175531	Soudal Expanding Foam Cleaner Click & Fix	500ml	N/A

1. Description

Soudal Expanding Foam Cleaner Click & Fix is a ready to use cleaning aerosol can for use on Soudal Foam Gun Click & Fix (#20106), Soudal PRO Expanding Foam Click & Fix (#175528), Soudal Flexifoam Click & Fix (#175597), Soudal FR Expanding Foam Click & Fix 750ml (#20160). CFC Free Propellants.

2. Characteristics

- Used in conjunction with foam gun and the foam applicator as cleaning fluid
- Contains solvents
- Can be used with normal foams cans due to the attachable nozzle
- Only 90° turn needed to insert the can into the gun adapter
- Clicks into perfect fit in the gun adapter
- Saves time when inserting and removing can

3. Technical Data

Base:	Acetone
Consistency:	Liquid under pressure (5 bar at 20°C)

4. Applications

- Cleaning of the gun
- Cleaning of the valves of the PU Foam Aerosol
- Removal of uncured foam

5. Packaging

Click & Fix can 500ml

6. Shelf Life

24 months in unopened packaging in a cool and dry storage place at temperatures between +5°C and +25°C.

7. Application Instructions

Method

Remove can of expanding foam from the foam gun by turning 90°. Aerosol can, shake thoroughly before application. Attach red nozzle to Soudal Expanding Foam Cleaner Click & Fix and clean uncured foam inside the foam gun and the front nozzle of the gun. Insert into gun adapter, turn 90° and click to fit into foam gun. Apply trigger of foam gun until the spray out of the nozzle is completely clear without anymore traces of foam.

Application temperature: +5°C to +30°C
 Clean: with dry cloth

Warning: Product has limitations. Please ensure when using this product that you read the instructions carefully. Soudal recommends to test prior due to the diversity of substrates and applications that are out of Soudal's control. Soudal cannot accept accountability for adverse results.

8. Health and Safety Recommendation

- Apply the usual industrial hygiene.
- Please refer to MSDS for more detailed information

Remark

The directives contained in this documentation are the result of our experiments and of our experience and have been submitted in good faith. Because of the diversity of the materials and substrates and the great number of possible applications which are out of our control, we cannot accept any responsibility for the results obtained. In every case it is recommended to carry out preliminary experiments.

If any clarification is required, please contact Soudal Technical Services or email sales@soudal.co.nz.
